

GlucoSure^{STAR}

High Performance Blood Glucose Monitoring System

Small sample volume

300 memories with date & time

Result in 6 seconds

Underfill detection

Alternate site testing

PC link

GlucoSure STAR is a full feature blood glucose monitoring system that needs very small sample volume to test and provides greater comfort and choice of different testing sites (palm, forearm and finger).

GlucoSure Star Meter can memorize up to 300 date and time stamped testing results and has data averaging function for 7, 14, and 30 days to help keep track of blood glucose reading over time and aid in better glycemic control. The memorized results can be easily download into a computer for further analysis and record keeping.*

*Software optional

FEATURE-PACKED BLOOD GLUCOSE METER

- Small sample volume
- Alternate site testing
- underfill warning
- PC link
- Result in 6 secs
- 5 year warranty

SPECIFICATIONS

- Measurement Range
20~600 mg / dL
- Test Time
6 seconds
- Memory
300 sets with date and time
- Data Management
7, 14 and 30 days averaging
- Additional Feature
Test strip ejection
Underfill detection
